Evidence to keep, numbers to save

సాక్ష్యం, సంఖ్యలు

First 60 Minutes After a Fraud

- Stay calm — do not delete any SMS, call log, or chat. They are your evidence.
- Call **1930** and quote transaction reference, time, and amount.
- Open **cybercrime.gov.in** and file under "Financial Fraud" or "Other Cybercrime".
- Upload screenshots: transaction SMS, UPI receipt, statement, fraudster chat.
- Inform your bank using the number printed on your card — never Google it.
- Freeze the card and disable UPI inside the bank app.
- Change email, UPI, and net-banking passwords from a clean second device.
- Save the complaint reference number — required for FIR and chargeback.

Evidence Checklist

Keep & upload

- Screenshots of every message, call, email
- UPI / bank transaction reference IDs & timestamps
- Phone numbers and UPI IDs used by the fraudster
- URLs of fake websites or apps
- Your Aadhaar / PAN for the complaint form

Do not

- Delete chats, SMS, or call logs
- Talk to the fraudster again, even to scold
- Pay any "recovery agent" who promises to get money back
- Reuse the compromised password anywhere
- Click any new link from the same sender
